Space and Naval Warfare Systems Center Awards Contract

SAN DIEGO — Lockheed Martin Advanced Technology Laboratories of Camden, NJ, is being awarded a \$6,000,000 indefinite delivery/indefinite quantity-type contract with a cost-plus-fixed-fee pricing arrangement to define, develop, evaluate and demonstrate Anytime Multi-modal Interface Infrastructure technology and domain applications for the Advanced Technologies for Human and Information System Interactions Program located at the Space and Naval Warfare Systems Center, San Diego. This contract contains a base period of 3 years with one two-year option which, if exercised, will bring the total value of the contract to \$10,000,000. All work will be performed at the contractor's facility in Camden, NJ (100%). The period of performance for the base period is from May 21, 2001 through May 20, 2004. Contract funds will be provided on a task order basis. No contract funds will expire at the end of the current fiscal year. This contract was competitively procured through Broad Agency Announcement N66001-98-X-6905, with multiple offers received and multiple awards given. The Space and Naval Warfare Systems Center, San Diego, is the contracting activity (N66001-01-D-6011).
